FOREX is the largest financial market in the world with daily trading volume that can surpass 4 trillion dollars a day. This is perhaps the single largest factor for why many try to tackle this widely untapped means of investing. The countless opportunities are too great to ignore, which lead the majority to try this exciting market only to be left tasting their own defeat. Many of these aspiring traders jump into this market without a plan and usually fall subject to the psychological failures of trading: fear and greed. In this book you are expected to learn the following: The ends and outs of trading the Forex and how to succeed How professional traders overcome fear and greed utilizing a trading plan that focuses on probability and calculated risk Specific scalping strategies that focus on precise entry and flexible exit points The importance of predefined risk to reward ratios And much more . . . . . Trading the Forex can be extremely exciting and profitable but it requires a trading plan that balances risk and reward. Trading the Forex without a plan is like sky diving with a defective parachute, chances of survival are slim. This book will help uncover highly probable trading methodologies and tactic for creating an edge in trading the Forex.
