George Herbert Mead

George Herbert Mead: On Social Psychology- Selected Papers (Heritage of Sociology Series) George Herbert Mead

One of the most brilliantly original of American pragmatists, George Herbert Mead published surprisingly few major papers and not a single book during his lifetime. Yet his influence on American sociology and social psychology since World War II has been exceedingly strong.

This volume is a revised and enlarged edition of the book formerly published under the title *The Social Psychology of George Herbert Mead*. It contains selections from Mead's posthumous books: *Mind, Self, and Society*; *Movements of Thought in the Nineteenth Century*; *The Philosophy of the Act*; and *The Philosophy of the Present*, together with an incisive, newly revised, introductory essay by Anselm Strauss on the importance of Mead for contemporary social psychology.

"Required reading for the social scientist."—Milton L. Barron, *Nation*
