**Scraps, Inc. Vol. 2: 15 Block-Based Designs for the Modern Quilter** Compiled by Susanne Woods

A project-based quilt book featuring 15 unique designs and designers. Most quilters present their finished quilts as gifts to friends and loved-ones, but often these projects leave extra fabric scraps that quilters can't bear to just throw away. Scrap-based quilting titles are consistently best-sellers as quilters are always looking for new and innovative patterns to feature these treasured fabrics. Most often, these are the quilts that get kept by their maker as a reminder of all of the other quilts they have gifted over the years. Scrap quilts can be tricky to design due to the variety of color challenges that random scraps can introduce, but these patterns solve those issues through clearly illustrated color schematics.
