Sure he's gorgeous, funny, and charming--but early in any doomed relationship there are warning signals foretelling the bad news to come. Studies show that most women will try to justify these signs, excusing them so they don't interfere with their fantasy of having met the perfect man. Unfortunately, such signs are usually all too prophetic--they are the essence of what Drs. **Gary Aumiller** and **Daniel Goldfarb** call "Red Flags." The question then becomes how to detect and respond to a Red Flag before it's too late. This first-of-its-kind book will help readers determine a man's all-important "loser potential" within the first three dates. Each chapter includes a profile of a different loser, a post-date quiz to help you determine if Mr. Right is Mr. Wrong, and important information about the best way to break up with him. Red Flags has all the fun of a magazine quiz combined with the expertise of psychologists who specialize in the techniques used by the police to profile criminals. They know how to spot the rejects--and now you will, too!
