The Tao of Dating: The Smart Woman's Guide to Being Absolutely Irresistible Ali Binazir MD

Your future partner is out there RIGHT NOW. Do you know how to find him, meet him, attract him, and keep him in your life? *This book shows you how.*

THE #1-RATED DATING BOOK BY AMAZON READERS FOR 157 Weeks (4/10-4/13)

This is what readers say:

'I have read many books about relationships and dating, but *The Tao of Dating* is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading.'

'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.'

'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.'

'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.'

'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.'

'1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but 'The Tao of Dating' just completely blew them out of the water.'

'This is the most helpful dating book that I have experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.'

'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.'

Can You Have it All?

I believe that smart, successful women can have BOTH a great career AND a rich, warm, fulfilling love life.

See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation.

This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do?

Ancient Wisdom + Modern Science = Lasting Love & Happiness for You

This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a series of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from.
