Mendelssohn's *Lieder Ohne Worte*, or "Songs without Words," is among the most loved, most played collections in the Romantic piano repertoire. Reproduced from the authoritative Breitkopf & Härtel edition, this volume contains all of these popular compositions — more than 40 pieces, including such favorites as *Spinning Song*, *Spring Song*, and *Venetian Gondola Song*.

Composed at various points throughout his life, Mendelssohn compiled this collection of short works for the amateur pianist looking for high quality, yet not-to-difficult music. Still practiced and performed today, "Songs without Words" is often considered to be Mendelssohn's greatest legacy as a composer. For study or play, this work represents an admirable addition to any music library.
