For every girl or woman who has ever tried to make sense of the patterns in her personal relationships and how it all fits into her individual destiny, this book offers a welcome, fresh perspective. An essential handbook on a favorite topic—love—it will help women understand the wider meaning of love as a tool, a resource, and a force. It encourages girls to love themselves first and then reflect on the significance of love outside the common perceptions of romantic love and its role in their friendships and the world at large. It is a road map for every woman to navigate long-distance relationships, determine the real Prince Charmings, overcome icon infatuations, rediscover childhood dreams, and rule in all affairs of the heart.
