Journey on a 4 week in-depth Bible study on the subject of sibling relationships. We will explore the stories of 10 different siblings from the Bible, some with beautiful stories and some with ugly ones. Through the stories of these siblings and the pages of Scripture, we will learn God's true purpose for siblings and families, the issues that siblings face, the responsibilities that we have as siblings, and practical tools for resolving the inevitable conflict. We are looking for real change in the hearts of our children through this study. The Bible passages are in-depth and challenge them to really think about what God wants for their lives! The youth version is written for ages 8-14. It is written directly to the student and is easy to complete independently, but families can always work together if desired, as well. If you have children in both levels, the study is designed to coincide, making it easy to use as a family devotion.
