# Strokes of Genius 7: Depth, Dimension and Space (Strokes of Genius: The Best of Drawing)

## Strokes of Genius 7: Depth, Dimension and Space (Strokes of Genius: The Best of Drawing)

There is something almost magical about looking at a two-dimensional surface and experiencing a visceral sense of depth and dimension. In this 7th edition of the celebrated *Strokes of Genius* series, 120 of today's best artists share successful approaches to creating that wondrous illusion of space--from a tight, shallow place that reflects the emotional state of the model, to wide open vistas that seem to go on forever.

Inside you'll find:

- 135 inspirational drawings in charcoal, pencil, pastel, colored pencil, pen and ink, scratchboard and more
- An exciting diversity of styles and techniques, presented in subject-themed chapters: portraits, landscapes, animals, still lifes and figures
- Practical artist-to-artist advice, insights and anecdotes you won't find anywhere else

Books on art theory put forth concepts like contrast, edges and perspective. *Strokes of Genius* brings those theories to life, showing how today's artists put them to work. Each drawing is a unique, real-world lesson on how to manipulate value, light, shadows, details and more to evoke a feeling of depth and invite the viewer in.
