Professional Windows Embedded Compact 7 Samuel Phung, David Jones, Thierry Joubert
Learn to program an array of customized devices and solutions

As a compact, highly efficient, scalable operating system, Windows Embedded Compact 7 (WEC7) is one of the best options for developing a new generation of network-enabled, media-rich, and service-oriented devices. This in-depth resource takes you through the benefits and capabilities of WEC7 so that you can start using this performance development platform today. Divided into several major sections, the book begins with an introduction and then moves on to coverage of OS design, application development, advanced application development, how to deploy WEC7 devices, and more.

- Examines the benefits of Windows Embedded Compact 7 (WEC7)
- Reviews the various elements of OS design, including configuring and building a customized OS runtime image, using debugging and remote tools, and more
- Explains how to develop native code applications with Visual Studio 2010, develop database applications with SQL server compact, and use the application deployment option
- Discusses how to deploy a WEC device, use the boot loader, launch WEC using BIOSLoader, and deploy a WEC power toy

If you're interested in learning more about embedded development or you're seeking a higher performance development platform, then this is the book for you.

From reader reviews:

Anthony Youngblood:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each guide has different aim or even goal; it means that e-book has different type. Some people truly feel enjoy to spend their time for you to read a book. They may be reading whatever they have because their hobby is definitely reading a book. How about the person who don't like reading through a book? Sometime, man feel need book when they found difficult problem or perhaps exercise. Well, probably you will want this Professional Windows Embedded Compact 7.

Wallace Long:

This Professional Windows Embedded Compact 7 is great guide for you because the content that is full of information for you who else always deal with world and have to make decision every minute. This particular book reveal it information accurately using great coordinate word or we can say no rambling sentences inside. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only gives you straight forward sentences but hard core information with beautiful delivering sentences. Having Professional Windows Embedded Compact 7 in your hand like getting the world in your arm, facts in it is not ridiculous one particular. We can say that no publication that offer you world with ten or fifteen minute right but this publication already do that. So , this really is good reading book. Hello Mr. and Mrs. stressful do you still doubt which?

Kerry Erdman:

This Professional Windows Embedded Compact 7 is brand new way for you who has interest to look for some information given it relief your hunger info. Getting deeper you on it getting knowledge more you know or you who still having small amount of digest in reading this Professional Windows Embedded Compact 7 can be the light food for you because the information inside that book is easy to get through anyone. These books build itself in the form which is reachable by anyone, sure I mean in the e-book application form. People who think that in book form make them feel sleepy even dizzy this book is the answer. So you cannot find any in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss this! Just read this e-book variety for your better life in addition to knowledge.

Tia Sargent:

That book can make you to feel relax. This particular book Professional Windows Embedded Compact 7 was colorful and of course has pictures around. As we know that book Professional Windows Embedded Compact 7 has many kinds or style. Start from kids until youngsters. For example Naruto or Private eye Conan you can read and think you are the character on there. Therefore not at all of book are usually make you bored, any it offers up you feel happy, fun and loosen up. Try to choose the best book to suit your needs

and try to like reading that.
