After a lifetime of trading passion for ambition, Doctor Emily Hillard is determined to catch a killer. Instead of being awed by her technology, she morphs pair her with the most exasperating man she has ever encountered. He's barbaric, domineering, and unapologetically savage. She should be frightened, or at least repelled by his lack of sophistication. Instead, she finds him refreshing, and pictures herself crushed beneath his strong body as he skillfully peels away her civility.

Cruz, a panther-shifter with pyrokinetic abilities, spent eleven years as an assassin before being allowed a reprieve. He is finally enjoying some down time when a murderous rogue chooses his territory for a hideout. Now half of Alpha Colony is searching for the rogue, and Cruz's handlers are desperate to get their hands on Emily's prototype. Ordinarily Cruz would have ignored their threats and ultimatums, but he's intrigued by the delectable doctor. So, he decides to show the hothouse flower what life in the wild is all about.

(If you're having trouble finding Book Three: Unwanted Desire. Type "Alpha Colony 3" in the search bar and it will take you to the book. I'm not sure why it's being so difficult. Thanks, Aubrey.)

From Aubrey: The Alpha Colony series has always been a fan favorite and I'm hoping the re-launch will introduce these highly erotic paranormal stories to some new readers. This series is set in the near future and features shapeshifters, primarily feline but I throw in a wolf-shifter or two. The first book, Untamed Hunger, is only \$0.99 and the other 3 books are \$1.99 each. I hope you'll check them out and enjoy!
