never thought that a man could affect her like that, but he did. It had been six months since Chris had vacated her life, when she started to see changes in the way that she behaved.

Devon comes into her life and tells her that she has been bitten. He has the cure, but will only give it to her if she performs a couple of tasks. The last one will be to kill the Alpha, namely Chris.. Can she truly kill the man that she supposedly loves for the chance at a normal life? Was it love, or was it the heat due to the wolf lurking within?

Book Four: WEREWOLF SHIFTER ROMANCE: Moonlight Sonata

Katie was a player and a waitress. She used her table waiting to find her prey and reeled them in with her amazing brown hair and stellar body. It had gotten her cars, jewelry, money and anything else she wanted, but she never once found love.

She was pretty sure she did when she met Steve, a soft spoken young man who came in every day for a cup of coffee. He was shyer than most, and he couldn't quite say what she knew he was thinking, so he tried to drink to do it. He came into the restaurant blacked out on cheap whiskey and wine coolers, and he could've killed her if it weren't for a daring rescue by a strange man named Luke who whisked her away and opened her eyes to a world she never thought possible.
