Contemporary Issues in Sports Economics: Participation and Professional Team Sports (New Horizons in the Economics of Sport) (New Horizons in the Economics of Sports) Wladimir Andreff

'Written by some of the most prominent scholars in sports economics, this book focuses on issues that have been less investigated in the traditional literature so far. The covered topics range from specific questions of sport governance and sport finance to sport betting. In my view, the collection is a 'must' for all readers seeking to overstep the beaten track.'

- Egon Franck, University of Zurich, Switzerland

The development of sports economics has exploded in recent years, and this well-researched and relevant book explores some of the most critical themes.

Contemporary Issues in Sports Economics examines topics that have previously received little attention in the literature, such as the determinants and social impacts of sports participation including the link to crime levels. The distinguished authors also discuss some of the less investigated aspects of professional team sports, including:

- * sports betting, financing and governance
- * the impact of low scoring matches on competitive balance and fan appeal in European football
- * the effect on player transfers of a luxury tax on club payrolls in Major League Baseball.

This invaluable book will appeal to graduate and postgraduate students in sports economics, sport management and sport sciences, as well as managers and coaches involved with clubs, leagues and federations. Sports participants, fans, bookmakers and bettors will also find much to interest them in this unique and insightful study.

Contributors: W. Andreff, M. Breuer, R. Caruso, F. Daumann, P. Dawson, P. Downward, J. García, J.G. Maxcy, L. Pérez, G. Raballand, P. Rodríguez, S. Szymanski
