## Olivia Bee: Kids in Love

Olivia Bee (born 1994) is celebrated for her dreamy, evocative portraits and landscapes rich with implied narratives of intimacy, freedom and adventure. *Olivia Bee: Kids in Love* showcases two bodies of photographic work, including the series *Enveloped in a Dream* that first brought Bee recognition as a teenager. This first series offers a visual diary of girlhood friendship and the exploration of self, showcasing Bee's unique ability to convey the bittersweet nostalgia of adolescence on the brink of adulthood and new possibilities. The second set of images, *Kids in Love*, is drawn from recent work and continues Bee's photographic chronicle of her circle of friends and new loves, capturing both the pleasures and terrors of the fleeting passage of romanticized youth. While the work continues to evolve, what remains constant is her seductive use of color and photographic artifact, as well as the immediacy and charge of each image. Bee gives voice to the self-awareness and visual fluency of the millennial generation. Experiences are sharply felt, and easily communicated and shared, generating visual records that render these memories as significant as the moments themselves. Tavi Gevinson, founding editor of the online magazine *Rookie* and Bee's frequent collaborator and model, writes about the work and about the role of images as social currency in today's image-driven world.
