The Wolves of Third Clan (Superior Beings Book 1) matt rogers

The Heavens are real and have been warring with Hell since the beginning. Using Earth as a laboratory they've bred the ultimate warriors; advanced species with near perfect genetic make-up which Humans call Werewolves and Vampires. Johnny Johnson is a Cloak; a unique individual who possesses the ability to remain hidden from his own kind. His blood adapts to camouflage his scent and any who bond with him share the gift but, unfortunately, there is a catch; he's forbidden to exist. The LeTorque are a family in Third Clan who've been maneuvering to fulfill their destiny and rule. When one of their Wolves is killed in a sales pitch Johnny was present for they capture and identify his true nature. As they prepare for war Johnny learns the truth of Mankind's real purpose, the untarnished version of Nature's fury and something else, something more dangerous; the coming invasion of the Hellion Hoard.
