Drugging For "Health": Why The Paradigm Must Change Kenneth C. Dyer Jr.

The drug companies have created a ruthless monopoly on the medical system. They are suppressing natural cures for Cancer, MRSA and more, perpetuating myths such as "HIV Causes AIDS" and "Cholesterol Causes Heart Disease", inventing phony disorders such as "ADHD", pushing deadly toxic vaccines and lying about their safety and efficacy + much, much more, all in an effort to maintain their control, push more drugs, increase their sales and maximize profits. The truth is that they are killing millions of people per year under the guise of "healing" people with their unnecessary drugs and so-called "treatments". Virtually all health concerns are manageable through diet, nutrition and natural supplements, including cancer. This book will provide you with key information needed to become your own doctor and escape the brutal and inhumane medical monopoly where profits come first and the health of the people come last. This book will show you how to reclaim your power and your health. This book represents the new paradigm of nutrition, not drugs, for health.
