## **Gaston's Tale** Celeste K. Ramirez

A different and slightly modern approach to an already well documented fairy tale, Celeste Ramirez follows her fascination with this genre and yet still provides the necessary ingredients to retain the expected magical mystery aura.

Christine, our heroine, and her brother, Gaston, enter into the world of the Beast with an added sprinkling of the arch rival, LeFou. With castles in the air and magical inventions the plot unfolds. As Celeste Ramirez reminds the reader, this is not the sweetest tale and there is no happy ending... just two sides to every story.
