Excerpt from Metrical Legends of Northumberland; Containing the Traditions of Dunstanborough Castle, and Other Poetical Romances: With Notes and Illustrations

The metrical Legends recording the martial deeds and the traditionary remains of our forefathers, have ever imparted a powerful charm to readers of taste and sentiment. Even the ideal illusions and the popular superstitions that characterize those ruder ages, whose mythology of fiction has descended to our own times, indicate an era pre-eminent for intensity of imagination, poetic feeling, and generous enthusiasm.

The forsaken and solitary ruins of Dunstanborough Castle have furnished the theme of the metrical effusions of four writers, whose productions, in their isolated state, passed the ordeal of criticism, and received the approbation of the lovers of imaginative story. To these Legends, which are now for the first time presented in a connected form, are appended some other productions containing memorials of Northumberland in former days.
