Playgoing in Shakespeare's London Andrew Gurr

Andrew Gurr's classic account of Shakespeare's historical audience assembles evidence from the writings of the time to describe the physical, social and mental conditions of playgoing. In addition to revising and adding new material which has emerged since the second edition, Gurr develops new sections about points of special interest. Fifty new entries have been added to the list of playgoers and a dozen new quotations about the experience of playgoing. Second Edition Hb (1996): 0-521-58014-5 Second Edition Pb (1996): 0-521-57449-8
