Principles of Oral and Maxillofacial Surgery

U. J. Moore

Principles of Oral and Maxillofacial Surgery U. J. Moore

First published over 40 years ago, this is one of the best-established introductory texts for students of dentistry and oral and maxillofacial surgery. It covers each of the basic tenets of the specialty, from patient management to anxiety and pain control, to implant dentistry and maxillofacial trauma. The sixth edition has been thoroughly revised to reflect the latest developments in the field, and each chapter has been completely updated and restructured. New chapters specifically on implant dentistry have been included. This latest edition also features for the first time colour images of clinical procedures, clear colour diagrams and e-learning references.

This book is of undoubted value for students and recently qualified practitioners of dentistry, for whom it acts as a complete and ready reference through which to gain a firm foothold in oral and maxillofacial surgery.

Key features

- Covers each basic tenet of oral and maxillofacial surgery
- Presents information in a clear and student-friendly style
- Reflects latest developments in the field with updates throughout
- Provides new chapters specifically on implant dentistry
- Includes colour clinical photographs and diagrams

From reader reviews:

Deborah Ellefson:

The book Principles of Oral and Maxillofacial Surgery gives you the sense of being enjoy for your spare time. You should use to make your capable considerably more increase. Book can being your best friend when you getting tension or having big problem using your subject. If you can make reading a book Principles of Oral and Maxillofacial Surgery for being your habit, you can get much more advantages, like add your capable, increase your knowledge about some or all subjects. You can know everything if you like open and read a reserve Principles of Oral and Maxillofacial Surgery. Kinds of book are a lot of. It means that, science reserve or encyclopedia or other people. So , how do you think about this publication?

Ernest Maguire:

Information is provisions for individuals to get better life, information currently can get by anyone from everywhere. The information can be a information or any news even a problem. What people must be consider when those information which is inside the former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you obtain the unstable resource then you have it as your main information it will have huge disadvantage for you. All those possibilities will not happen with you if you take Principles of Oral and Maxillofacial Surgery as the daily resource information.

Derek Wire:

Principles of Oral and Maxillofacial Surgery can be one of your beginner books that are good idea. Most of us recommend that straight away because this e-book has good vocabulary that could increase your knowledge in terminology, easy to understand, bit entertaining but nevertheless delivering the information. The copy writer giving his/her effort to place every word into satisfaction arrangement in writing Principles of Oral and Maxillofacial Surgery yet doesn't forget the main place, giving the reader the hottest and also based confirm resource facts that maybe you can be certainly one of it. This great information can easily drawn you into brand new stage of crucial contemplating.

Robert Lewis:

Your reading sixth sense will not betray a person, why because this Principles of Oral and Maxillofacial Surgery reserve written by well-known writer whose to say well how to make book that can be understand by anyone who also read the book. Written inside good manner for you, leaking every ideas and producing skill only for eliminate your own hunger then you still doubt Principles of Oral and Maxillofacial Surgery as good book but not only by the cover but also by content. This is one e-book that can break don't ascertain book by its cover, so do you still needing another sixth sense to pick that!?! Oh come on your reading sixth sense already alerted you so why you have to listening to one more sixth sense.
