Sexual Health and Genital Medicine in Clinical Practice Christopher Sonnex

This fully revised and updated second edition of *Sexual Health and Genital Medicine in Clinical Practice* covers the range of conditions seen in genitourinary medicine, sexual health and sexually transmitted infection clinics, making it a useful and practical guide to all health practitioners in this area. This book is aimed at medical practitioners who require a quick reference guide to help with diagnosis and management of genital problems. In addition, it provides essential guidance on what to do next when faced with a patient presenting with a genital complaint, whether the patient can be successfully treated with a drug regimen or needs to be referred up to the Sexual Health and Genital Medicine specialist. *Sexual Health and Genital Medicine in Clinical Practice* will be of particular interest to residents on their rotations through this field of medicine, doctors in training, specialist nurses, and primary care practitioners.
