Have you ever wondered if there is something more awaiting you? Are you becoming increasingly attuned to the so called "coincidences" that continually catch your attention? Dr. Scott Foster has reached a turning point in his life. Awakened at 4:44 am by a haunting dream, he is propelled into a spiritual awakening that is filled with mysterious and all-too-coincidental occurrences. He finds himself bombarded with signs, including the repetitive number 444. Captivated by this number that repeatedly appears in his life and holds a much deeper meaning that he will soon come to understand, Scott has awakened not just from a dream that will ultimately lead him on the journey of a lifetime, but to the idea that there is something more in life than just the daily grind. As he gives in to the signs that are drawing him toward a new destiny, he launches head first into an adventure filled with mystery, guiding him closer to a deeper truth and understanding of what life has to offer when one is willing to accept the invitation of the Universe. Scott is lured to the ancient island of Kauai where he reunites with an old friend and colleague, Rachel Moore, a very intuitive and spiritual therapist who is on her own journey of self-discovery. Together they seek to unravel the mysteries of the island that seem to draw them closer to their undeniable truths. However, their quests are not without tribulation and adversity. Tumultuous relationships, financial hardships, uncooperative weather, and even death stand to interfere with their destinies, but their struggles to persevere and never lose sight of their desires brings them to the heart of it all: a majestic and alluring waterfall guarding a secret that will compel some to risk everything. What Rachel and Scott discover will change their lives forever and may just be the key to the island.
