Doctor's In Diapers: Erotic ABDL Medical Romance Candy Banger

There were stacks of what looked like adult-sized diapers on the side table, as well as tubes of talcum powder and packets of baby-wipes stuck against the wall. The room had an odd smell, and I realized as I sniffed more that it was in fact the talcum powder I could smell, as well as disinfectant and a warm, plastic-like aroma.

'So, do you like my office, darling?' said Dr. Mater, fixing her big blue eyes on me.

'It's, very different,' I said, trying not to let on just how odd I was finding the whole situation.

It's Dr. Christina Stevens' first day at work. She's never heard of this strange hospital before, and she doesn't know what to expect.

One thing's for sure: never, in her wildest dreams could she be prepared for what awaits her at the Smith Memorial Hospital. Something so strange that it will open her eyes to a whole new way of life. Soon, she'll be bursting to go back.

This 4,500 short story contains strong age play themes including grown adults wearing diapers, submission, regression, wetting and other explicit content.
