## **How To Become Rich: The money in you and how to start having it life in less than 24 hours!** Alagba Chisom

When I was born, I was taught how to walk and how to read ABCD, I obeyed what the teachers taught me and achieved the results, the same goes to you. Now can't someone really teach you how to make money with proof? Can't you obey that person like you obeyed your teachers when you were learning those ABCDs in school? Can't you believe that what you are about to learn could be done in less than 24 hours? I wonder! If you think you can, then follow me and we'll help each other. Whenever I am hungry, I know what to do to get food. Whenever my clothes are unclean, I know what to do to make them clean again. Whenever my hair is bushy, I know what to do to cut it and it will be so. But do I know how to make money when I don't have any? I wonder. That is a question to think about. We all desire good things in life but few of us are willing to pay the price. But prices should not matter, but the benefits we get from them. Before I was able to understand those ABCDs, I paid the price of sitting down and listening to the teachers and as result of that I am able to write what I am writing now and I am successful because of it. I imagine that I may have been stubborn those days, and my mum and dad would have had to force me to go and learn. But check me now, you will see the benefits of their help and price, which I am enjoying now by writing this. My brothers and sisters, no matter how you put it, The benefits of whatever you paid the price for or spent your time on is a million ways better than the price you paid for it. Now are you willing to learn and act? If so, keep it coming! Where are you right now? Are you in the car, online, market place, church, in the streets or at home? Wherever you may be, just look around you and check what you see. 100 percent of those things were not there 5 years ago, 2 years ago, 1 year ago or even last month. Now how do they come in place? Somebody made them and presented it for you to buy and you did. Why? Because they were good. Now is there any good thing you can do and present for people to buy? Just think! Many of us have excuses, like: I am still a student, I don't have the money, I don't have a home, I was given a quick notice, I am too busy right now, I don't have plan for it, Etc. Now who has wasted all this time but made no decisions? Can you make a decision now and see if a miracle will happen in your brain, time, money, job, or whatever the excuses may be. Just do that now and see. Listen, decisions are automatic machines. It needs not your permission to function, all it needs is ---- just decide me and see who I am, decide me and see if I won't give you your money. This is one of the things those men trades on, example, Dangote, Chisom, and that next millionaire you know. If you want to join them, then obey what I am about to share with you and in less than 24 hours you will move your finances to unbelievable new areas, I am not joking, I will stop here now and join you on the inside. You don't need miracles to tell you who I am, if you think I am just talking, then join me by making your decision and I will open it for you, I am not joking. That money is not equal to the benefits of what I have said in here, so think about it before you back off. If what I have said here can shake your system then what do you think will happen on the inside, who do you think I am? Think about it. PS: Remember that decision is an automatic machine. And if so, how much money have I been missing out of it and how can I start now to regain it even when I am not ready? That is what you will learn if you want to be among us. See you inside!
