My Sister Chaos Lara Fergus

The story of twin sisters who escape from an unknown, war-torn country, this novel follows an obsessive-compulsive cartographer trapped in the mapping of her own house and a painter turned code-breaker trying to find the lover she lost in the war. While the cartographer is obsessed with keeping the world in order—her sister's unexpected visit is equated with a sign of chaos—her sister has a firm grip on the real world and, perhaps, a greater sense of order. Presented within a world of obsession and trauma, this narrative explores whether anyone is immune to the forces of destruction.
