Demystifying Your Business Strategy

David Lei, John W. Slocum

Demystifying Your Business Strategy David Lei, John W. Slocum

While scores of strategic management books have been written, many books fail to take into consideration the influences that shape and constrain managers' ability to formulate and execute well-thought out strategies. *Demystifying Your Business Strategy* acknowledges and harnesses those influences, providing practitioners with a helpful new approach to developing and maintaining a competitive advantage.

In this book, David Lei and John W. Slocum offer readers a comprehensive overview of the drivers of *evolutionary advantage*, recognizing that sources of competitive advantage for any organization will necessarily shift and evolve in response to changes in the industry environment. *Demystifying Your Business Strategy* also offers practical insights on how to spot "inflection points" of strategic transition and identify signals that indicate when an organization needs to develop a new source of competitive advantage.

With in-depth discussion of the four different types of business strategies that many firms pursue and the strategic disciplines that support them, this book can provide significant insight and direction to managers at all levels within an organization.

From reader reviews:

John Mallery:

Book is actually written, printed, or created for everything. You can know everything you want by a e-book. Book has a different type. To be sure that book is important issue to bring us around the world. Adjacent to that you can your reading proficiency was fluently. A book Demystifying Your Business Strategy will make you to end up being smarter. You can feel a lot more confidence if you can know about every thing. But some of you think that open or reading the book make you bored. It is not necessarily make you fun. Why they may be thought like that? Have you in search of best book or acceptable book with you?

Judith Judd:

The book Demystifying Your Business Strategy has a lot info on it. So when you check out this book you can get a lot of gain. The book was published by the very famous author. Mcdougal makes some research previous to write this book. This book very easy to read you can find the point easily after scanning this book.

Veronica Lopez:

Do you have something that you want such as book? The reserve lovers usually prefer to decide on book like comic, small story and the biggest an example may be novel. Now, why not attempting Demystifying Your Business Strategy that give your pleasure preference will be satisfied through reading this book. Reading behavior all over the world can be said as the opportunity for people to know world considerably better then how they react towards the world. It can't be explained constantly that reading practice only for the geeky man but for all of you who wants to be success person. So , for all of you who want to start looking at as your good habit, you could pick Demystifying Your Business Strategy become your own personal starter.

Leonard Vega:

As a university student exactly feel bored in order to reading. If their teacher asked them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the trainer want, like asked to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Demystifying Your Business Strategy can make you sense more interested to read.
