## UPDATE

December 2, 2015

Attn: Readers. I wrote this eBook back in 2013 and published it on Amazon in 2014. Although previously I'd ghostwritten lots of eBooks for clients, this was one of the first I wrote and published under my name.

In the self-publishing world, 2013 is a long time ago, as things are rapidly changing.

I have a new 2016 outline book that contains 37 outline templates and teaches the method I have settled on to outline nonfiction books. Even though I have a new book, don't poo poo this short guide. You will find the information enclosed on outlining and writing a book helpful because it includes:

?Three quick steps to creating an outline

?Gives several sources you can access to research statistical data and to do quick and easy fact checking to ensure you are providing your readers with accurate information.

?A nonfiction outline template that provides several proven tips on how authors can promote books and increase book sales.

?A nonfiction outline template that gives ways the self-published entrepreneur can generate additional passive income by creating various types of content.

?A strategy I used to deal with "overwhelmity" (means being beyond overwhelmed) and tackle one of my biggest fears. It's a strategy you can use if you fear writing a book.

My goal is to eventually make this book permanently free, which is a process that must be cleared through Amazon. Until that happens, I will make this book free for as long as possible, and when I run out of Amazon KDP days, I'll keep the book at the lowest price point of just 99 cents.

In the meantime, get your COPY today.
